

KAPILSURIYA.K

COMPUTER SCIENCE STUDENT - FRESHER

📍Chennai-India | Cell: 6381102741

Gmail: suriya23k@gmail.com | LinkedIn: www.linkedin.com/in/kapilsuriya

PROFESSIONAL SUMMARY:

Computer Science Student with strong programming fundamentals and hands-on development experience. Strong in problem-solving, Data Structures, and core computer science concepts. Interest in building secure, scalable applications and working on real-world projects.

TECHNICAL SKILLS:

Languages: Java, JavaScript

Backend: Node.js, REST APIs, WebSocket

Frontend: HTML, CSS, React.js, Tailwind CSS, Flutter

Databases: MySQL, MongoDB Atlas

Tools: Git, GitHub, Postman

Core CS: DBMS, OS, Computer Networks, OOPS, SDLC

PROJECTS:

Debt Management System App:

Tech: Flutter, React.js, Node.js, MongoDB, HTML

- Built an application to manage customer credits, transactions, and outstanding balances for my dad's retail shop.
- Implemented features for tracking sales, credit/debit entries, and real-time balance updates.
- Designed a simple dashboard for efficient record management and improved accuracy.

SnapCam – Video Recording with Photo Capture:

Tech: Flutter, Dart, Camera API, File Handling

- Developed a Flutter-based mobile application that records videos while allowing users to capture high-quality photos simultaneously during recording.
- Implemented Flutter camera integration, media storage, and permission management to ensure smooth real-time recording and instant photo capture functionality.

File Sharing & Real-Time Collaboration System:

Tech: HTML, CSS, React.js, Tailwind CSS, Node.js, Firebase Auth

- Improving the speed and reliability of file sharing by building a platform that supports real-time collaboration and smooth data handling, using React, and Firebase for Authentication.
- Designed a real-time file-sharing room system with multi-user file preview, live chat functionality, and activity history tracking to enhance collaborative user experience.

INTERNSHIP:

App Developer Intern, M7 Corporation

- Developing mobile applications using Flutter and Dart, focusing on responsive and user-friendly UI, and implementing features such as camera integration, file handling, and permission management.
- Using Git and GitHub for version control, following clean commit practices and collaborating efficiently in team-based projects.

EDUCATION:

B.E. Computer Science and Engineering

St. Joseph's College of Engineering, Chennai

2022– 2026

CGPA: 8.49 / 10

CERTIFICATIONS:

- Programming in Java - NPTEL
- Database Management System - NPTEL
- HTML, CSS & JavaScript - Coursera
- Flutter and Dart - Coursera

PROGRAMMING TRACKS:

- Solved 180+ LeetCode problems
- Solved 200+ GeeksforGeeks problems
- Solved 800+ Skillrack problems
